A Western politician has gotten well after having a portion of his backbone removed. He is now in a better condition to wire in and wire out.

Former Congressman W. H. Bower, of the Eighth District, who got his honors from the Democratic party, has gone into the Republican camp. This is where he makes himself the left Bower.

Norway should not be offended because the Washington government has failed to recognize it on the spur of the moment like it did Panama. Norway should remember that we do not need any of her territory for a canal zone.

In an "open letter" Republican State Chairman Rollins says "wilful and deliberate lies" and being circulated about those projected Republican newspapers at Greensboro. Great Tony! We have always been under the impression that it is truth that makes a Republican squirm like a singed cat.

The foreigners generally marvel at the readiness with which American representatives at the European courts can make speeches. Europeans don't know that most of the men who get into official life over here and ultimately get pull enough to be sent to Europe learn to be spellbinders by being compelled to chew the rag on the stump for all they are worth.

GREATEST ON RECORD

Wilmington's Glorious Celebration of the Glorious Fourth and Its Success

AT WRIGHTSVILLE BEACH

Largest Crowd Ever Assembled at Southern Seashore Resort—At Carolina Beach and Lake Waccamaw—The Regatta.

On Wrightsville Beach, the largest crowd ever assembled at one time at a seaside resort south of Atlantic City, upwards of a thousand at Carolina Beach, nearly twelve hundred at Lake Waccamaw and hundreds of others on various fishing, hunting and outing expeditions of a private nature, will give some idea of how Wilmington celebrated the "Glorious Fourth." The observance was perhaps more general than ever before. Everybody joined heartily into the spirit of the holiday and notwithstanding the large crowds, the celebration was notable for the absence of disorder or rowdyism of any kind The transportation companies proved themselves in every way equal to the emergency, handling the thousands with "neatness and dispatch," without the slightest accident of any kind and with no appreciable interruption of difficult and elaborate schedules arranged for the day.

Especially was this true of the Consolidated Company which operated a train of three cars every thirty minutes during the day and under high tension. When the electric equipment was found inadequate, a chartered train from the Atlantic Coast Line, kept in reserve from 6 A. M. to midnight, was run out as a second section to the trolley cars and there was comparative freedom from crowding. For the benefit of those who preferred quick transit up and down the beach to the customary stroll on the sands of the seashore or along Mayor Arringdale's fine board walks, a city car was operated on quick schedule from the Hotel Tarrymoore on the north to the pavilion on the south, in addition to the thirty-minute trains from the city. Every man in the employe of the company from President Hugh MacRae down to the track greasers and switch shifters seemed to take an active and personal pride in affording the very best service and it does no violence to the truth to say that they succeeded admirably. Capt. John Sheehan, the superintendent of transportation, was in the hey-day of his delight with wheels rolling on schedule and cars comfortably filled every trip. To Capt. W. F. Corbett was well assigned the pleasant duty of looking to the comfort and pleasure of the employes, necessarily over-worked on an occasion of the kind. In the hallway of the Smith building, near the junction, ice-cold lemonade, ice cream, cake, sandwiches, cigars and cigarettes were served free of charge to every employe of the company in whatever capacity.

The last car to reach the city, bringing the crowd from the beach, arrived up at 2 o'clock yesterday morning. City cars were kept in operation to the same hour and passengers were transferred without extra cost even at the late hour to any point in the city.

The cars handled to the beach during the day something over 7,000 passengers, which, with those who went down the night before, the hundreds in the club houses, cottages and hotels made a gathering conservatively estimated at about 10,000. The like of it has never before been witnessed at Wrightsville. Beautiful Lumina, ablaze with more than a thousand incandescents, was fairly alive with humanity. Rich and poor, high and low, thronged the pavilion from top to bottom while more than 200 hundred bathers were at one time in the surf. The crowd reached the zenith of its proportions about 8 o'clock, just before the display of fireworks. At that hour standing room anywhere near Lumina was at a premium. The exhibition of fireworks while not as great as some had been led to believe, was decidedly the best ever seen on the beach. A dark cloud to the westward made an excellent background and the stillness of the night was very favorable to the aerial pyrotechnics which were a large part of the display. The fireworks were, without a doubt, the one big drawing card of the celebration at Wrightsville. Mr. James S. Hooper was in charge and conducted the exhibition in a manner highly satisfactory to the thousands of spectators.

Beach Policeman Guy, City Officers Wood, Howard and Newton and Constable Savage were in attendance all day and the best of order prevailed. There were three or four little fisticuffs during the day, but no serious danger was done—just enough to give variety to the many amusements at what was more than once aptly described during the day as the "Coney Island of the South." The restaurant in connection with the pavilion, the refreshment stand and all the places of amusement at Lumina were overcrowded with patrons all day and all night. The hotels entertained during the day the largest number of guests any day this season.

Yacht Club Regatta.

The annual Fourth of July Regatta of the Carolina Yacht Club was a great success and attracted a large number of clubmen and their friends during the morning. The piers along the Bank's Channel were lined with spectators who watched with varying interest and enthusiasm their favorites in the swiftly flying white-winged squadron. The breeze at first was light but it soon freshened to a stiff southwester and the finish was spectacular. The Puzzle, Capt. John VanB. Metts again won the honors but its crew had to look well to its laurels for the "Buttinsky," the new craft built and sailed by Capt. H. J. MacMillan, was a formidable rival to the end. Although the "Buttinsky" started third, she took the lead before the boats got into the inlet. The Puzzle took second place after having started fourth. The race was then to the swift. The trim little "Buttinsky," as cleverly managed as she was staunch, retained the lead in and out on Mott's Channel and held it even until after passing the yacht club pier the second time. Then they came alongside and for the remainder of the race it was a close victory for the Puzzle, which took first prize, a handsome candelabrum, while the "Buttinsky" took second, a pair of fine marine glasses. The Yonalee, Capt. George Davis won the third prize—a silver butter dish and pick. The official record was as follows:

Carolina, Capt. Junius Davis, Jr.—Start, 10:35; no finish.

Yonalee, Capt. George Davis—Handicap, 10 seconds; start, 10:35:10; finish, 12:41:36. Actual running time, 2:06:26.

Buttinsky, Capt. Henry J. MacMillan—Handicap, 1:40; start, 10:36:40; finish, 12:32:40. Actual running time, 1:56.

Puzzle, Capt. J. Van B. Metts—Handicap 28 seconds; start, 10:37:08; finish, 12:25:24. Actual running time, 1:48:16.

Kayembee, Capt. M. S. Willard—Handicap, 1:35; start, 10:38:43; finish, 12:37:12. Actual running time, 1:58:29.

The time allowance or handicap was by the yacht following in the order given.

The race was in charge of the Regatta Committee, composed of Messrs. R. G. Rankin, Jr. (chairman), A. B. Skelding and Milton Calder. Other officials were Mr. H. McL. Green, marshal; Capt. Wm. F. Robertson, starter; Mr. R. C. Cantwell, time keeper and Mr. E. A. Metts, treasurer. The prizes were awarded in the club house after the race by J. O. Carr, Esq.

At Carolina Beach.

Those who chose Carolina Beach for the day's outing had a delightful time. The celebration was in charge of the Haymakers, the social order of the Red Men, and a variety of entertainment was afforded. The surf bathing was especially fine and excellent music for dancing was furnished all day. The best of order prevailed and on each of its five trips the steamer Wilmington carried large crowds.

At Lake Waccamaw.

The special train over the Atlantic Coast Line to Lake Waccamaw consisted of ten coaches, the excursion being in charge of Capt. J. O. Hinton and Capt. Pitts. Seven hundred tickets were sold from Wilmington but by the time the train reached the Lake there were nearly 1,200 aboard. The train went on through and returned with another large crowd from Fair Bluff and intermediate points. Many came and went on the regular trains, hundreds came by private conveyance, swelling the crowd to proportions variously estimated at from 3,000 to 5,000. There was music and dancing all day and a match game of baseball between Lumberton and Lake Waccamaw. The Lake team was victorious by a score of 9 to 6. McNeill and Matthews for Lumberton, McGwigan and Council, for Lake Waccamaw, were the batteries. Clarence Mills, short-stop; R. Green, third-base, and Oscar Brinkley, left-field, were Wilmington players with the Waccamaw team.

Gun Club Shoot.

In the trap shoot of the Wilmington Gun Club on the afternoon of the "fourth" the following scores were made out of a possible 25 in each event: Perdew, 15, 11, 12; Boylan, 12, 14; Holmes, 22, 23, 16; Hergenrother, 18, 22; Mercer, J. B., 2; Boushee, 14, 16; Dreher, 10, 8, 11; Bellamy, R. H., 18, 13; Holmes, 11 out of 10 pair; Boushee, 14 out of 12 pair.

AUDIT AND FINANCE BOARD.

Regular Meeting Again Deferred—Extra Police Service Needed.

The regular semi-monthly meeting of the Board of Audit and Finace of the city had to be again deferred yesterday on account of the lack of a quorum. The deferred meeting will probably take place this afternoon if one of the two absent members of the Board will have returned to the city in time. There were present yesterday only Acting Chairman C. W. Yates and Mr. Jesse Wilder, of the Board, and Capt. T. D. Meares, the clerk. Mayor Waddell was present to urge the increase of the police force by the five extra men authorized by the Board of Aldermen Monday night; Chairman Brown, of the Light Committee, was present to urge the establishment of a new arc light at 15th and Market streets and a Welsbach lamp at Eighth and Hanover streets, and Chairman W. E. Yopp, of the Sanitary Committee, was before the Board to insist that the two carts taken out of the street cleaning department to remove swill be returned to that department.

The Mayor was backed up in his request for the extra policemen by Aldermen Brown and Yopp and there appears a likelihood that an appropriation for the extra service, which is much needed, will be allowed. The committee chairmen are also very hopeful of securing from the Board consent to better trash cart facilities and for the extra lights.

Off for the "Rock Pile."

Twenty-four convicts, sentenced at last week's term of Superior Court to terms in the State prison, county roads and county workhouse, began their terms of service yesterday. Deputy Sheriff W. H. Cox left in the morning for Raleigh with Jessie Mason, sentenced to five years in the penitentiary for an assault on the East Wilmington highway, and the other prisoners were taken out to Castle Haynes and the county farm in the afternoon. The scenes about the county jail as friends gathered to bid the convicts good-bye was a lively one. With the class of colored people who usually figure in such demonstrations, the exodus for the roads and workhouse is always regarded as a sort of Fourth of July holiday affair. Those left behind waved handkerchiefs and fans while those in the convict bandwagon waved their hands in return and shouted merry greetings.

INHUMAN TO CHILD

Colored Boy Unmercifully and Brutally Beaten by Parents Who Adopted Him

BOTH ARE SENT TO JAIL.

Hospital Surgeon, Who Examined Injuries, Volunteered to Appear As Witness Against Barbarous Woman and Husband.

A startling example of the truth of the aphorism "man's inhumanity to man"—the cruel beating of an adopted and defenceless child by barbarous parents—was brought to the attention of the police on Tuesday and the arrest of the inhuman couple was at once accomplished with the result that both were sent to jail by Mayor Waddell in the police court yesterday in default of a justified bond of $500 each for their appearance at the next term of the Superior Court to answer for their outrageous conduct.

The defendants are Dallas Wheeler and his wife, Mattie Wheeler, colored, who live in the vicinity of Ninth and Harnett streets. The beating of the child, a boy, five years of age, took place Monday morning by the woman, who is the sister of the child's mother and to whom it was committed to be raised. George Mack, a sympathetic colored man in the neighborhood learned of the deplorable condition of the child from children in the neighborhood, who were tormenting the Wheeler boy by touching him with their fingers on the body and seeing him jump, although scarcely able to stand, because of the sore spots all over his body. The colored man Mack told of the outrageous affair in the store of Mr. C. E. Scherer in that vicinity and Mr. Scherer promptly informed the police. Janitor L. F. Harper went over to the Wheeler house in the patrol wagon and brought the child with its inhuman parents to the station house. There the officers stripped the clothing from the child and the condition of its body, all black and blue, was a revolting sight. The man and woman were thrown in a cell and the child was sent to the hospital.

Dr. Akerman, the surgeon in charge of the hospital, who made an examination of the child, found that not only had the boy been brutally beaten recently but there were old marks on the body from cruel treatment long before. The instrument with which the last punishment had been inflicted was a two-ply rope, the marks of which were plainly seen on the skin, little bits of flesh having been jerked out of the body where the rope was doubled. In fact, the case was the worst Dr. Akerman said he had ever seen during an experience of many years in several hospitals. He felt so outraged and indignant toward the cruel parents that he voluntarily telephoned his name to the police station and asked that he be put down as a witness for the higher court against the prisoners.

In court yesterday Wheeler and his wife had nothing to say but they said privately that they had whipped the child because it had taken a ten-cent piece. They did not say why they had whipped it previously so severely. While the man did not actually administer the cruel beating, it is said that he was present and acquiesced in what was being done. The child is still in the hospital. It is said to be not wholly out of the range of possibility that the wounds on the body may result, upon unfavorable developments, in death.

UNFROCK NEGRO PARSON.

Such Declared Ground For Grave Charge Against W. H. Rhoe,

Rev. W. H. Rhoe, pastor of the First Baptist church, colored, Fifth and Campbell streets, this city, was placed in jail Tuesday by Constable Savage upon the serious charge of having had improper relations with Ida Pickett, a respectable colored girl of his flock, and of having resorted to criminal methods of hide the shame of the girl and his own disgrace. The case was set for trial before Justice Furlong yesterday morning, but in the absence from the city of Herbert McClammy, Esq., who has been engaged to prosecute the case against the preacher, the hearing was postponed indefinitely until Mr. McClammy's return. Owing to the prominence of the colored people concerned and the issues that are likely to be joined, the case promises to attract much interest.

The colored pastor has employed Hon. Jno. D. Bellamy, Walter P. Gafford and William J. Bellamy, Esqs., to defend him and denounces the whole proceedings a base conspiracy to oust him from the pastorate of the congregation. He says that he has been a resident of Wilmington for 15 years and can produce sufficient evidence of character among both white and colored to disprove the grave charges against him, which are intensified by the fact that he has a wife and family of children. He says that the Deacons, Board of Trustees and a majority of his congregation are with him in the matter and that the effort to unfrock him will prove a dismal failure.

THE BICYCLE RACES.

Some Excellent Records Made in Both Events on the "Fourth."

The bicycle races on the Market Street road under the auspices of the Y. M. C. A. on the morning of the "Fourth" were witnessed by a large crowd. In the 3-mile handicap race for boys, the following winners were announced: Clarence Davis, 9 minutes and 5 seconds; Dave Seiffert, 9:15; John Smith, 9:33, Joe Applewhite, 9.41; Rudolph Duncan, 9:50; Garland Murphy, 10:00.

In the 5-mile handicap for seniors the results were as follows: Miles Costin, 14:40; C. F. Duffy, 14:42; Paul L. Cantwell, 14:43; M. P. Craig, 14:44; E. Peschau, 14:50; R. P. Houston, 16:05.

REHDER'S ANNUAL OUTING.

Gracious Compliment by Wilmington's Big Department Store.

The annual outing given on the Fourth of July by Messrs. J. H. Rehder & Co., complimentary to the employes in their large department store on North Fourth street was a thoroughly delightful affair in every respect. The party left foot of Chesnut street on the steamer Rosa at 8 o'clock on the morning of the "glorious fourth," enjoying a delightfully cool and exhiliarating ride of 30 miles up the majestic Northeast river until Bordeaux's Landing was reached. There the party, numbering about forty, disembarked and betook themselves to a beautiful grove on the river bank and in good time enjoyed a feast of everything good to eat and drink, the intervening time being taken up most pleasantly with music, dancing and other diversions of a kind most wholesome and enjoyable. Some of the gentlemen in the party took to small boats with fine sport while others of the with fine sports while others of the party engaged in rifle practice and the shooting of wild fowl, of which there was an abundance "near camp."

Returning, the party reached the city at 11:30 o'clock, after a day of infinite delight. On the way back there was music and dancing on the boat and a spectacular cake walk in which Clayton Moore won the "booby" prize. The paper is enjoined to secrecy as to the other prize winners. The approach of the party to the city was heralded by a magnificent display of fireworks from the deck of the steamer. The friendly relations between employers and employe is always a subject of remark as to Messrs. Rehder & Co., and the firm's reputation in that regard has suffered none by the annual outing of 1905.

Four Men In an Affray.

Capt. T. H. Johnson, clerk of Front Street market, in his capacity as a special policeman, was called upon yesterday morning about 7 o'clock to quell a miniature riot in progress by four men who were in a room drinking on the second floor of the building at southeast corner of Front and Dock streets. The police station also sent out a hurry squad and arrested in the room Wm. Thomas, Geo. Nelson, Tom Winders and Wm. Miller, all white. Nelson had a cut over the eye from a beer bottle and Dr. C. T. Harper, who was at the station house, found it necessary to take a number of stitches to close up the wound. All four were locked up for trial before the Mayor at noon to-day.

County Pension Board.

The County Pension Board consisting of Col. Jno. D. Taylor, Clerk of the Superior Court; Col. W. L. DeRosset, Capt. Geo. W. Huggins and Capt. R. M. McIntire, met again yesterday and resumed work on the list of Confederate pensioners to be recommended to the State Department While a few of the pensioners of last year have died, there are eight new applicants and the list this year promises to be larger than before. The Board adjourned yesterday to meet again next Wednesday at 3 P. M.

NOTICE!

As we have been unable to get a mutual agreement amongst the retail shoe dealers to close their stores on Fridays at 1 o'clock and appreciating the fact that, "All work and no play makes Jack a dull boy," and that the closing of our stores for one afternoon a week, that our employes may have a little pleasure and recreation, will not cause us the loss of our trade, we, the undersigned shoe merchants, agree to close our stores at 1 'clock on Friday afternoons during the months of July and August.

DIED.

FARROW—At the Walker Memorial Hospital on Monday at 9:30 P. M., JOSEPH F. FARROW, in the 63rd year of his age.

Funeral was conducted at his home at Delgado by the Rev. Harold Thomas, minister in charge of the Chapel of the Good Shepherd, of which deceased was a member. A machinist by trade, a man of steady habits, a hard worker and of generous disposition and under the many vicissitudes of his life he bore up well and when the end came, he gave evidences of a brighter beyond where those of this life cease from troubling and the weary are at rest. Peace to his ashes. H.

Special Trial Offer
THE MORNING STAR
At Reduced Rates
To New Subscribers
For the next sixty days, will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:
FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00
Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.
This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.
No name will be entered on our books under this offer unless the order is accompanied with the cash.
While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.
On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.
Sample copies mailed free to any address.
Note the conditions of this offer carefully to avoid mistakes.

WILMINGTON, N. C.

Thursday Morning, July 6.

GOVERNOR GLENN SPEAKS TO TAMMANY.

Governor Robert B. Glenn, of North Carolina, was the first speaker at the Fourth of July celebration of Tammany Hall, New York city, on Tuesday. That great political society, Democratic and partiotic, annually celebrates independence day, and its celebrations are the most conspicuous of any in this country.

However, we wish to give our readers some idea of what Governor Glenn said to the Tammanites and their guests. His subject on the programme was "Our Country," and, judging from the governor's speech as published in full in the press, it was one of Captain Glenn's fervid speeches. He speaks like a steam engine and we have no doubt the New Yorkers were struck with the rapidity and great earnestness with which the Tar Heel governor delivers himself. The governor spoke of the political perils which the country now faces, the most serious of which is the fight between labor and capital, and the consolidation of capital, the combination of railroads, and the uniting of the industries of the country into trusts. He declared that while the corporations must be controlled they must be protected in their rights and privileges, and maintained that arbitration is the solution of the conflict between labor and capital. He said as a nation and as individuals we are living too fast. Under that head he said:

"We are living too fast as a nation and as individuals, and collect from customs and internal revenue taxes so much money that our Congressmen do not seem to know what to do with it, and so, not content with paying honest pensions, which all commend, they are squandering people's money in paying out unfair pensions to men who never smelled gunpowder or heard of a battle, and also squandering it in opening harbors and rivers through which an old bark canoe could not run, much less a vessel, so that it is now high time to call a halt, take an inventory, and see what is now causing a deficiency in our treasury, once so full. In private life we also live too fast, are trying too hard to keep up appearances and living beyond our means, these things making us a nation of gamblers and thieves, and then when, in spite of our short cuts, we fail to make both ends meet, it ends in suicide, disgrace, shame, and often in dishonor and the penitentiary. Let us call a halt and right-about-face for honesty is the best policy, and we can live within our means and still be happy."

Governor Glenn, with his native Southland ever dear to him, drew a picture of the South past and present. While we would like to see our Southern speakers quit lugging in the war when they speak in the North, except when the occasion specially demands, Governor Glenn gave his audience a picture of the desolate condition of the South at the close of the civil war, and referred to the infamous days of reconstruction, saying that "the reconstruction period that followed the surrender was worse than the war." Concluding that part of his subject he said:

"At last, however, good men who survived the war—the sons of those who were dead, and noble men who had come into our midst—wrested the power of the States from incompetent and corrupt leaders, and passed laws to invite capital into our midst and to build up our waste places, and keeping step to the music of thrift and enterprise, as our fathers had done to the martial music of Dixie, we marched forward to new achievement and greater glory. We re-built railroads torn up during the war; rekindled fires long gone out in the furnace; banks were established, cities sprang up as if by magic, the hum of machinery, the clatter of mills, the whistle of the steam engine and the whirl of the saw were heard on every side. Before the war our Southern States were worth five billion, three million dollars. In 1879 less than three billion, and worse than that our best and trusted men dead. Yet to-day we are worth sixteen billion—thrice as much as before the war. Twenty years ago our cotton crop was five and a half million bales and the South used 188,000 bales in our own mills. To-day we make ten million bales and we use two million ourselves. Twenty years ago we had twenty million dollars in cotton mills and used 667,000 spindles. To-day we have two hundred and twenty-five million in cotton mills and operate 7,500,000 spindles."

Governor Glenn did well to tell the New Yorkers about our wonderful resources of recuperation and progress, and he never let slip the opportunity to transpose Horace Greeley's advice, "Go West, young man," by substituting "Go South, young man." That was good advice and we are glad the Governor was there to make North Carolina the most conspicuous part of the South for the young man to come to.

THE PEACE PLENIPOTENTIARIES.

One of Russia's plenipotentiaries to the Washington peace convention is now on the spot, Baron Rosen having arrived in New York on the ocean liner Kaiser Wilhelm II on Tuesday. It has heretofore been announced that Russia has named as its plenipotentiaries Baron Roman Romanovitch Rosen, and Nicholas Velaerianovitch Muravieff, two of the Czar's ablest and most distinguished diplomats. Japan has named as her representatives Baron Jutaro Komura and Kogo Takahira, present Japanese Minister to the United States. Mr. Takahira, of course, is at Washington, and the other plenipotentiary will be there by the latter part of this month.

The New York World says of the plenipotentiaries:

"The selecting of Nicholas Velaerianovitch Muravieff and Baron Roman Romanvitch Rosen by the Czar and of Kogoro Takahira and Baron Jutaro Komura by the Mikado to conduct negotiations looking to an ending of the Russian-Japanese war indicates the appreciation of both governments of the high class of diplomatic work confronting them. All four men occupy the very highest places in the diplomatic service of their respective countries and enjoy the fullest confidence of their sovereigns. The selections are considered by men versed in diplomatic intercourse to be of the very highest class."

GUILT IS ALWAYS PERSONAL.

"Guilt is always personal," write Messrs. Harmon and Judson to the Attorney General. "So long as officials can hide behind their corporations no remedy can be effective. When the Government searches out the guilty men and makes corporate wrong-doing mean personal punishment and dishonor the laws will be obeyed." The Philadelphia Record declares that "there is more in that paragraph than in any entire speech by the President on the regulation of Trusts and the suppression of the rebate evil." The treatment of Messrs. Harmon and Judson recalls the fact that a couple of years ago the President appointed Messrs. Bonaparte and Conrad to investigate the postal frauds. They recommended some removals, but the President paid no attention to this part of their conclusions.

TWINKLINGS.

—Friend—"Are you sure Mr. Pinkey loves you?" Mrs. P.—"Well, he must when he loans me his razor to open a can of tomatoes with."—Chicago Journal.

—Like Father Like Son. — Mr. Gotrox—When I was your age, sir, I didn't have a dollar. Cholly Gotrox—Well, dad, when I am your age, I probably won't have a dollar!—Puck.

—Sapleigh—Do you—aw—think it would be wrong for me to marry a girl who was my inferior intellectually? Miss Cutting—No, but I think it would be impossible.—Chicago Daily News.

—"Is it true that you have senatorial aspirations?" asked the reporter over the 'phone. "Yes," replied the girl whose number had been called by mistake, "but I'm not sure that I can land him."—Detroit Free Press.

—Mr. Johnson—Miss Eliza, whah aiah you, calkerlatin' on spendin' yo'r vacation? Miss Eliza—Why do yo' ask dat question, Mistah Johnson? Seems ter me dar is anudder question comes afore dat one.—Judge.

—Tommy Figgjam—There's one advantage of goin' t' bed with the chickens, paw. Paw Figgjam—What advantage is that, Tommy? Tommy Figgjam—Ye're al'ays sure of a feather piller.—Baltimore American.

—Dr. Jones—My dear sir, I have just been to call on your wife's mother, and her condition is very serious. Smith—Tell me the plain truth, Doctor. Am I to fear for the best or hope for the worst?—Town and Country.

—Mamma—When that naughty boy threw stones at you, why didn't you come and tell me instead of throwing them back at him?" Little Willie—Huh! What good would it do to tell you; you couldn't hit the side of a house."—Washington Life.

—"What did that gentleman mean when he asked you if your environment was pleasant?" asked the younger sister. "Oh, he meant the things which were around me while I was in the country," replied the elder one. "Well, Julia, I never heard men's arms called by that name before!"—Chicago Journal.

—The defendant, who was held on the charge of keeping a dog without a license, repeatedly tried to interrupt the evidence, but was hushed each time by the court. Finally the clerk turned to him. "Do you wish the court to understand," he asked, "that you refuse to renew your dog license?" "Yes, but"—"We want no 'buts.' You must renew your license or be fined. You know it expired on January 1st." "Yes, but so did the dog."—Harper's Weekly.

CURRENT COMMENT.

—"Taft's a trump." — Theodore Roosevelt. "Looks like the duce to me."—Engineer Wallace.—New York American.

—There is evidence that Norway and Sweden may come to blows over the matter of dissolving their union. This looks foolish, but war is in the air these days.—Charlotte Observer.

—When Secretary Taft was through with him Engineer Wallace looked like he would come high at a salary of thirty cents, much less one of $65,000.—Charleston News and Courier.

—The Government's crop reporters are coming into favor again by leaps and bounds. They allowed something to leak out yesterday that caused cotton to jump to ten cents in a jiffy.—Gastonia (N. C.) Gazette.

—The Atlantic and North Carolina Railroad company threatens to build a bridge from Morehead to Beaufort, which would of course put the ferry men out of business. The legislature should be called in extraordinary session to put a stop to it.—Durham Herald.

—By a singular coincidence on the very day last week that the London papers printed former Ambassador Choate's eulogy of the British public service they also published the report of the committee that has discovered the loss of £6,000,000 or £7,000,000 through incompetence and corruption during the Boer war.—Boston Transcript.

—As the Deparment of Agriculture's report on cotton was followed by an advance in the market, there will be no complaints from the South that the figures were manipulated or given out surreptitiously. The report showed the condition to be a trifle less favorable than a month ago, and considerably inferior to that of last year and the ten years'average.—Philadelphia Record.

—The largest tree in West Virginia, the big elm on the Hood farm near Skinnston, is to be cut down immediately because it stands in the right of way of the Fairmont & Clarksburg Traction Company's proposed car line. This old tree was made famous by a novel, "The Daughter of the Elm," one of the principal characters of the book having lived almost in its shadow. The elm is eleven feet across and will be used for cross-ties for the railway.—Cincinnati Enquirer.

—A good many hitherto reputable women are said to have been caught in the great raid of Saturday night, and there is some sympathy for them because they were treated as "inmates" of disreputable houses and held for trial, while the men they were with discharged with a small fine. Of course, there is a lack of equity about this, but women who are found in disorderly houses in company with men who are not their husbands are not excessively respectable, and it is highly important that women whose connections are respectable should understand that going to places of evil repute is very dangerous.—Philadelphia Record.

COTTON MARKETS.

New York, July 5.—The cotton market was again exceedingly active, sales being estimated at fully a million bales, and fluctuations continued very broad. A sharp advance in the middle session was followed by an equally severe decline during the after noon, and prices at the close showed little change as compared with Monday's finals. The opening was irregular at an advance of 12 to 20 points, this being hardly a respense to the sensational gains in the English market over the Fourth.

Realizing was very heavy, but after working off a few points from the opening figures, the market rallied on a continued demand through wire and commission houses and reached the high point of the day shortly after the weekly crop report at noon, although this stated that the general condition of the crop showed some improvement. October sold at 10.86 and January touched 11 cents, or net gains of about 35 to 39 points. At these figures it was reported that lead ing bulls were selling actively both in the Southern and New York markets and prices lost almost all their gain under general liquidation. The close was at practically the low point of the session, but steady at a net advance of 2 to 4 points. Southern spot markets, according to official reports, were a quarter to one cent higher, with some points reporting fair rates. The local spot market was 30 points higher but no business was reported.

Cotton spot closed quiet 30 points higher; middling uplands, 11.10; middling gulf, 11.35; sales none.

SPIRITS TURPENTINE.

—A survey has recently been made of Linville river fifteen miles from Morganton with a view to putting in a power plant to transmit electric power to Morganton and other points nearby. There is also strong talk of developing the power on Wilson's Creek, which is only fifteen miles from Morganton.

—Prof. W. C. Riddick, with a number of cadets from the Agricultural & Mechanical College, has been surveyveying the Vedder lands in Jones and Onslow counties, says the story is true that they ran across a moonshiner in Onslow in a swamp, who claimed that he had operated a still there seven years without molestation, and so made a claim to the property, including quite an extent of land.

—In tearing down a chimney to an old log house on the Helton place, 11 miles from Morganton, a few days ago, the workmen discovered the bones of an infant under the stone hearth and also found three $5 gold pieces of the date of 1844. The old house has been standing more than a hundred years and a great number of families have occupied it during that time. Tradition says that $1,400 in gold is secreted about this old place, and it is more than probable that it will be found when the house is torn away, which will be done at an early date.

—With $5,000 appropriated for the textile department of the North Carolina College of Agriculture and Mechanic Arts, the equipment is to be considerably enlarged. Among the machinery to be added will be a set of combers, for preparing cotton to be made into fine yarns; spinning frames; six additional looms for the work; a dozen hand looms for use in teaching designing and weaving in the early stages; machinery for dyeing and drying warps, sizing, etc.; various finishing machinery and mule spinning machinery, the latter being English, as it is no longer made in this country. Last term there were 41 students in this department, and the attendance and interest were fairly satisfactory, the equipment being then incomplete. Next term 100 students can be provided for.

—A dispatch from Roanoke, Va., July 3rd, says: Hopkins Fletcher, 48 years of age, who was arrested at Bristol Saturday night and locked up because he had become suddenly and violently insane, has since regained his mind and to-day confessed to the police that he is wanted at Waynesville, N. C., for the murder of Mack Freeman, a neighbor, whom he declares he killed August 11, 1901, because Freeman had spoken in an insulting manner of Fletcher's wife. Fletcher states that his son, McKinney Fletcher, now 21 years of age, assisted in the killing and upon this statement young Flecher, who has been residing of late in Bristol, was also locked up. The two men say they have been over much of the West since the murder, the young man having been employed in the shops of the Missouri Pacific Railway a part of the time. A telegram received from Waynesville by the Bristol authorities tonight confirms the story that the Fletchers are wanted there for murder.

WALLACE PASSES RESOLUTIONS.

Don't Want State Test Farm Removed From Willard.

(Special Star Correspondence.)

Wallace, N. C., July 4.—The following is a copy of resolutions passed by a meeting of our citizens in protest of the removal of the test farm from Willard to Wilmington:

Whereas, it has come to our knowledge that decided effort is being made by certain interest in Wilmington to effect a removal of the State Experiment Farm, from Willard to the vicinity of Wilmington, we the citizens of Wallace in mass meeting resolve,

1st.—That we earnestly protest against the removal of the Farm for the following reasons: We understand that the location of this Farm is an honest effort on the part of the Agricultural Department of our State to conserve the trucking industry in Eastern North Carolina, and by advanced and improved methods in cultivation, diversification, and fertilization to develop the resources of our section.

2nd.—That this development should be made under conditions which confront our ordinary farmer, who has no capital save his brain, muscle and the virgin soil. That other sections may offer plots of land here and there under state of cultivation capable of producing more per acre than ours, but it is not under these conditions that the problems confronting the trucking industry are to be met and solved. What we want in practical instruction under conditions which the ordinary farmer labors.

3rd.—That the farm was placed in its present locations after due consideration of the merits of all competing localities. It was placed there upon the intrinsic merits of the soil and accessibility; the only elements entering into the equasion. The soil is undeniably superior to that found elsewhere by an unprejudiced committee. It is accessible by four passenger trains daily. Wilmington evidently has nothing more to offer than she had five months ago.

4th.—That we earnestly request your Honorable Board to carefully analyze the interest represented by those urging the removal and see that the interest of the plain farmer is not subverted to the interest of bankers and real estate dealers. That we pray you to consider the interest of the farmer before you do the interest of wealthy and influential citizens who have no direct interest in farming.

5th.—That the State is under a moral obligation to retain the Farm in its present site, for it was under this distinct understanding that the present site was deeded to the State and concessions made in the purchase price; and we believe the gentlemen of the Board would be too careful of their sense of honor and common justice to thus flagrantly violate this obligation. Respectfully submitted.

B. R. GRAHAM,
W. J. BONEY,
W. F. MURPHY,

STATE TEST FARM.

Resolutions Adopted at Mass Meeting Held in Burgaw.

(Special Star Correspondence.)

At a meeting of the citizens, truckers, and farmers of Pender county, at Burgaw on July 3rd, 1905, to take such action as is necessary to present the views of Pender county in regard to the proposed removal of the Test Farm, a committee was appointed to draw up resolutions to protest. The following resolutions were offered:

We as a people, appreciate the honor paid our country in locating the farm in our midst. We deem it an advertisement for our lands; and all the more because the location was made without the solicitation of surrounding influences.

Resolved 1st.—That we have unfalterling confidence in the Board of Agriculture, and the committee appointed to locate the Test Farm, and we believe the location was accepted upon the merits of our soil.

Resolved 2nd.—We have learned with surprise that it has been represented to the committee that nine-tenths of the truckers of Pender county are in favor of New Hanover county for the location of the Farm. We emphatically deny this charge, and believe the statement was made to prejudice the committee against Pender county.

Resolved 3rd.—That a copy of these resolution be sent to The Wilmington Star, News and Observer, Pender Chronicle, Duplin Journal and members of the State Board of Agriculture.

WORKS WONDERS.

A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Wilmington testimony proves it.

J. S. King, clerk on Market street residing at 815 Orange street, says: I used Doan's Ointment and found it to be a great remedy for itching hemorrhoids. It acted like a charm in my case. I tried all kinds of remedies, but until I used Doan's Ointment I could get nothing to give me positive relief. It is a splendid preparation and you are welcome to use my name as one who says so. I obtained it at R. R. Bellamy's drug store."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—DOAN'S—and take no other. **

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest on my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk a straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at R. R. Bellamy's drug store; price, 50c. **

The Diamond Cure.

The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure, for Throat and Lung Trouble. At R. R. Bellamy's drug store; price 50c. and $1.00, guaranteed. Trial bottle free. **

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

The Morning Star.

WILMINGTON, N. C.

Thursday Morning, July 6.

TRIAL OF THOS. W. DEWEY

All the Evidence In When Death of Juror's Child Caused Suspension and a Mistrial.

(Special Star Telegram.)

Raleigh, N. C., July 5.—The trial of Thomas W. Dewey, defaulting cashier of the Farmers' and Merchants' Bank, of Newbern, began this morning. Something sensational was expected during the trial, but to the surprise of many nothing developed. The jurors which were drawn from out of town were as follows: W. E. Ivey, J. A. Everington, H. C. Lancaster, James Wethington, J. L. Cansely, D. L. Price, C. Gaskins, W. T. Civils, A. H. McIntosh, Stephen Sutton, B. L. Wiley, Joe Edwards.

The State introduced D. W. Roberts, of Newbern, an employe of the bank to prove the hand-writing and entry in the books made by Thomas W. Dewey; W. E. Borden, of the Bank of Wayne, to identify letters and statements received by him from Dewey; E. H. Dyer, bookkeeper of the National Commercial Bank, of Norfolk, to identify and verify transactions with Dewey by his bank while Dewey was connected with the Farmers' and Merchants' Bank, of Newbern. J. O. Ellington, then State Bank Examiner, went on the stand and told how he found the shortage, reported the same, and was given charge until he turned it over to a receiver, Thomas Daniels, of Newbern. Rev. G. T. Adams was introduced and stated he had a conversation with T. W. Dewey on the train between Goldsboro and Newbern. Dewey's statement made to him was that the deficit was not as large as the directors claimed. D. W. Roberts was recalled and stated that in July, a few days before the bank was closed, the record book kept by the teller showed that deposits amounted to $121,556.02. A letter was introduced, written by Thomas W. Dewey, addressed to W. B. Blades, a director of the bank and it was almost an open confession and a very pitiful appeal to the directors, stockholders and depositors of the bank. This was received while Dewey was in hiding. The evidence by the State is entirely confined to documentary testimony.

Defendant did not introduce any testimony. The judge ordered consel to the jury at this point but one of the jurors, A. H. McIntosh, received a message that his child was dying. The judge stated this to the counsel and excused the juror. It was reported later that the child was dead. It now looks like a mistrial, which will necessitate a hearing in September.

Atorneys for the State are W. W. Clark, D. L. Ward, L. I. Moore, O. H. Guion; for the defense Col. P. M. Pearsall, A. D. Ward, Judge Osborne, ex-Governor C. B. Aycock. Many ladies were in attendance upon the trial to-day and the greatest interest was manifested.

(By Associated Press.)

Newbern, N. C., July 5.—On account of the death of a child of a juror, a mistrial was to-day declared in the case of Thomas W. Dewey, alleged wrecker of the Farmers' and Merchants' Bank at Newbern, after all the evidence for the State had been introduced.

The work of selecting a jury required but forty-five minutes this morning, and the taking of testimony began at once. D. W. Roberts, bookkeeper for the bank, identified the handwriting of various entries in the books as that of Dewey, and showed that Dewey's defalcations amounted to $110,000. Somewhat of a sensation was sprung by the State in introducing a letter said to have been written to W. B. Blades, of Newbern, by Dewey, on December 4th, 1904, in which he asked that all offers of rewards be rescinded, and saying that on promise of immunity from prosecution he would return and pay back dollar for dollar.

WARM WIRELETS.

For the first time in the history of the institution, Lee Camp Confederate Soldiers' Home near Richmond, on Tuesday flung to the breeze from its flagstaff the stars and stripes.

The first session of the American Surgical Association Convention was held at San Francisco yesterday. After the formal business was concluded a paper on general surgery was read by Dr. George B. Johnston, of Richmond, Va., president of the Association.

The situation is very complex in the New York dry goods market as a result of the raw material advance. Many agents refuse to quote prices and a good many lines are practically withdrawn. Naturally business is restricted under these circumstances and neither buyer or seller is predicting vigorously the future.

The defense in the case of Mrs. Shephard K. Smith, charged with beating her 7-year-old son, Ralph, to death began yesterday in Manchester court and it is thought the case may close to-morrow. Evidence is being introduced to offset the testimony offered by the prosecution tending to show alleged cruelty of the mother to her child.

AWFUL CONDITION AT PANAMA.

Yellow Fever and Other Plagues Cause Big Death Roll.

By Wire to The Morning Star

New York, July 5.—Three suspected cases of yellow fever, from the Panama zone were removed from the steamer Advance when she arrived at quarantine today, and thence they were removed to Hoffman Island for observation. The suspected cases were George Baylor, of Standard, N. J.; Edward P. Penick, of New York city, and Frank Namact from Texas.

George G. Matlock, of Louisville, Ky., superintendent of a dock at Chris tobal who was among the passengers of the Advance said: "Things are very bad at the isthmus. The diseases prevalent are measles, black measles, smallpox, yellow fever, chagres fever and malaria and there was one case of Bubonic plague. The dead trains run from Colon to Molonke Hill cemetery a mile and half south of Colon, always once, and sometimes as many as fourteen times a day and it sometimes has as many as four coffins aboard. In fact there is so much yellow fever about that they keep graves always ready for cases of emergency."

WAR DECLARED AGAINST RUSSIA

Mutineers on Battleship Kniaz Potemkine Formally Hoist Flag of Rebellion

DECISIVE STRUGGLE BEGUN

By Cable to The Morning Star.

Theodosia, Crimea, July 6.—The Russian battleship Kniaz Potemkine has arrived here and asked for coal, provisions and medical attendance. The mutineers demanded that authorities of the town guarantee their safety during the stay of the ship here. The mutineers of the Kniaz Potemkine to-day formally raised the standard rebellion and issued the following declaration:

"The crew of the Kniaz Potemkine notify the foreign powers that the decisive struggle has begun against the Russian government. We consider it to be our duty to declare that we guarantee the complete inviolability of foreign ships navigating the Black Sea as well as the inviolability of foreign ports."

Summoned by the Kniaz Potemkine, representatives of the town council went on board the battleship and were received in the admiral's cabin by the commission commanding her. The commission demanded the delivery of 500 tons of coal and provisions of various kinds within twenty-four hours, and threatened that in the event of non-compliance, after due warning to the inhabitants, the town would be bombarded. The commission also proposed that the Mayor should transmit to the population a proclamation demanding the termination of the war, a convocation of Zemstvos, etc.

Learning of these demands, many inhabitants fled the town. The workmen insisted that the demands be granted. A special meeting of the municipal council was called and the council consented to deliver the provisions, but refused to comply with the demand for coal for the reason that the town had none.

Mutineers Will Be Shot.

Odessa, July 5.—Sixty-seven of the mutineers from the battleship Georgi Pobiedonosetz, including the ring leaders, were imprisoned to-day. It is expected that all of them will be shot.

Fired Into One Port.

Odessa, July 5.—It is reported that the battleship Kniaz Potemkine appeared today off Akherman 27 miles southwest of Odessa. On July 3 a torpedo boat entered the harbor of Akkerman and demanded coal and provisions. The authorities refused to furnishe them whereupon the torpedo boat fired two shots. The torpedo boat afterward obtained all the supplies she required.

St. Petersburg, July 6.—2:15 A. M.—While no official confirmation is obtainable the Associated Press has been informed by an authority usually reliable that the admiralty has received news that the Kniaz Potemkine, after shipping coal, provisions and medicines, is again at large in the Black sea and that her destination is unknown. Whether the report of the sailing of the battleship be true or not, the crew took a remarkable step yesterday, when, with all the solemnity of a provisional government, it issued a manifesto addressed to the powers.

This action doubtless was taken to quiet the apprehension of foreign powers and to leave no excuse for the sending of warships through the Dardanelles to effect the capture of the battleship, which until now Russia's Black sea has not dared to attempt. It is considered a shrewd move on the part of the mutineers and stamps the commander of the crew as a leader, far above the class of the ordinary sailor and strengthens the opinion that he is not a member of the original crew but one of the revolutionaries who went on board at Odessa.

In circles closely in touch with the revolutionists, it is regarded as a foregone conclusion that the commander of the Kniaz Potemkine, knowing the situation in the Caucasus, will head for Poti or Batoum where the revolutionists are excedingly strong. In the hope of producing a general rising. With the authorities in the Caucasus almost powerless to prevent it, such a contingency is by no means impossible.

Dispatches from Tiflis received last night say that reports of the rioting at Odessa and the action of the Kniaz Potemkine have aroused the most intense interest and the wildest excitement among the revolutionists.

ALABAMA NEGRO OUTLAW.

Two Men Hunted by Posse Kill Their Own Father.

By Wire to The Morning Star

Memphis, Tenn., July 5.—A special to the Commercial Appeal from Tunica, Miss., says that Mark and Robert Harris, the Desoto negroes who killed Maston near Tunica, June 21, and who have since eluded capture, today, at their home near Walls, shot and killed their own father and dangerously wounded Aubrey Gardner, of Tunica, a young man who was in a posse that had gone to arrest the Harris negroes. The negroes were concealed in a corn field and Sheriff Owens, of Tunica county, and his posse passed down the road, having in their keeping the father of the Harris negroes and their younger brother, whom they had arrested as accomplices in the Maston murder. They stepped to the edge of the field and opened fire on the buggy in which was Aubrey Gardner and their aged father. One shot dispatched the old man and the other hit Gardner in the abdomen wounding him so seriously that his life is despaired of. The negroes, however, escaped. Several posses are now searching for them and it is believed that thy will soon be overtaken. Gardner has been brought to Memphis and placed in a hospital.

AWFUL DEED OF JEALOUS MAN.

Shot Wife Five Times and Tried to Commit Suicide.

By Wire to The Morning Star

Richmond, Va., July 5.—Joseph W. Lebauer, an employe of a local barrel works shot his wife five times and then tried to end his own life with a bullet here this afternoon. It is thought doubtful that he will live. The woman was shot through the right shoulder, the upper lip and the neck. She may recover. Jealousy is given as the cause of the shooting.

SECRETARY HAY BURIED YESTERDAY

President Roosevelt Attended and Cabinet Officers Acted as Pall Bearers—Historic Cemetery.

Cleveland, O., July 5.—The body of John Hay rests tonight in his family burying ground in a corner of Lake View Cemetery. Five hundred feet to the west of where the great Secretary lies in the great imemorial of Jas, A. Garfield; two hundred feet to the north rises the monolith of the Rockefeller family.

The services throughout were admirably conducted in most excellent taste and from the arrival of President Roosevelt in the morning until his departure in the afternoon brought the official day to its end, not a single untoward incident was in evidence.

President Roosevelt's train on the Pennsylvania railroad rolled into the union depot exactly at the time set--9 o'clock. Troop A., of the Ohio National Guard, which was to act as the President's escort, flashed a salute as the President appeared. He raised his hat in acknowledgement. As soon as the members of the cabinet had entered their carriages the cavalry passed to the front of the column with the exception of four troopers, who rode two on each side of the President's carriage. The party was driven the Chamber of Commerce where the body lay. Mrs. Hay had expressed a desire that the casket be not opened unless President Roosevelt should express a desire to gaze upon the face of his Scretary once more. This was explained to the President at the train and he at once expressed himself as unwilling to disturb the arrangements already made.

At just 10 o'clock the funeral left the Chamber of Commerce. The casket carried by six non-commissioned officers of the cavalry troop was borne to the hearse between two lines formed by the present and former cabinets who acted as honorary pall bearers.

None of the members of the Hay family was at the Chamber of Commerce, and in company with a few friends they awaited the arrival of the funeral cortege at Wade chapel inside the cemetery grounds.

Exactly on the minute of 11 o'clock Captain Schofield, of Troop A., brought his men to a halt at the chapel door. Mrs. Hay, Clarence Hay, Mr. and Mrs. Samuel Mather, and Mr. and Mrs. James W. Wadsworth, Jr., son-in-law and daughter of Mr. and Mrs. Hay, with a few of their friends, were already in the chapel. The casket, covered with the national colors, and the beautiful wreaths sent by President and Mrs. Roosevelt, and by the members of the diplomatic corps, was carried in, the President, vice-President and honorary pall-bearers following with uncovered heads.

The services were simple comprising prayer, scriptural reading and a hymn, Rev. Dr. Hayden and Rev. A. B. Meldrum officiating. As the body was removed Tennyson's "Crossing the Bar" was sung. At the grave a hymn was sung, followed by the committal service and benediction.

Mrs. Hay turned away from the grave and as she passed President Roosevelt reached out her hand to him. He took it in both of his own, bowing deeply as he did so. Mrs. Hay with the members of her family returned to the residence of Samuel Mather, while the President and his party went directly to his train, which left soon after 1 o'clock for the East.

COUNT THIEZY WAS KILLED.

Automobile Collided With Stone Wall En Route to Races.

By Cable to The Morning Star.

Laschamp, France, July 5.—France again established her supremacy in an international automobile contest today over the Auvergne course, Thery, the French champion, winning after an exciting contest with the Italian champion, Lancia. An enormous crowd witnessed the race, and gave an enthusiastic greeting to Thery as he crossed the line a winner. Soon after the start, Lancia began to draw upon Thery, finally broke down. Thereafter Thery had the race his own way, finishing in 7 hours and 10 minutes with Cagno, another Italian second, Nazzari third, Callois fourth and Earp fifth. Three Americans started, but they did not make a notable showing. There was considerable surprise among the contestants at this. Lyttle, who was the only American to finish, came in twelfth. Count Thiezy, while driving an automobile to attend the international race, collided with a stone wall near the small town of Lepuy and received injuries which caused death two hours later. A lady who accompanied him, was dangerously injured.

GOVERNMENT CROP BULLETIN.

Cotton Improved But Too Rank Out West—Tobacco Suffering.

By Wire to The Morning Star

Washington, July 5.—The weather bureau's weekly bulletin of crop conditions says: While cotton is generally improved and has made good growth throughout the cotton belt, the crop is much in need of sunshine and cultivation in the central and western districts, in portions of which too rank growth is reported. Except in the central districts, cotton is generally fruiting well. Boll weevils and other pests are active in Texas and Louisiana.

Tobacco is suffering from drought in Central North Carolina and from lack of cultivation in Kentucky; elsewhere this crop is doing well.

CAROLINA-VIRGINIA EDTIORS.

Joint Meeting Now in Progress at Asheville.

By Wire to The Morning Star

Asheville, N. C., July 5.—The first joint session of the Virginia and North Carolina Press Associations was held this afternoon, the feature being an address of welcome to the Virginians by State Auditor of North Carolina B. F. Dixon. The response was by J. H. Lindsey, editor of the Charlottesville, Va., Progress. Tonight a ball was given at Kenilworth Inn attended, in addition to the editors, by Mayor Alf S. Bernard and all the city officials. The morning session was devoted to routine business.

Forced to Starve.

B. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it, with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At R. R. Bellamy's drug store; Only 25c. **

MANY PEOPLE KILLED IN TEXAS

Tornadoes Sweep Two Sections Leaving Death and Destruction in Their Wake.

SIXTY KILLED AND INJURED

Numerous Houses Demolished and Property Loss Heavy—Hail Big as Hen's Eggs—Crops Were Ruined.

Dallas, Texas, July 5.—A special to the News from Nacona, Texas, says: A tornado and thunderstorm passed a few miles west and south of here this afternoon, killing fourteen persons and seriously injuring many others and destroying a number of houses. The latest reports from the storm swept district give the following casualties:

Dead: Mrs. C. C. Shackleford, Linnie Shackelford, daughter of R. G. Shackelford, Mrs. S. L. Tumbelson and three children, Mrs. Mary Lester and four children, Caleb White, Mrs. Irb Williams, Irb Williams, and Frank, son of Sam Eakin, killed by lightning. A child of Mrs. Mary Lester is believed to be fattally injured.

Many farm houses were swept entirely away. The school house three miles west of here was damaged. Baptist and Methodist churches at Belcher were considerably damaged. The Methodist church at Montague is reported wrecked and the courthouse and many other houses damaged. The Dixie school house six miles south of here was entirely blown away. Hail stones as large as hen's eggs fell here breaking out many window glasses.

Reports of the work of the tornado are slow in coming in. The number of killed and injured will probably reach sixty.

Nocona is in the northern part of Texas on a spur line of the Missouri, Kansas and Texas railroad forty-one miles from Gainesville.

Nine Killed at Montague.

Montague, Texas, July 5.—Nine people are dead as a result of a tornado that passed over Montague this afternoon. They are: A. P. Earle, Miss Sadie Earle, daughter of A. P. Earle, Burke Earle and son, baby of Lawrence Pillow, and the Tomlinson family, consisting of husband, wife and four children,

Fatally injured: Claiborn White, 45 years old.

Houses totally demolished: J. F. Clark's drug store; D. Y. Lunn's grocery store and offices; Old bank building occupied by G. L. Alcoin, real estate agent; store of Rowe Hardware Company; fifteen dwellings.

The tornado lasted perhaps thirty minutes. Hundreds of head of stock in this vicinity were killed outright by the wind.

The number of injured is unknown.

EXPLOSION IN COAL MINE.

Nine Italians Injured, Two of Whom Died.

Bluefield, W. Va., July 5.—By an explosion in the Tidewater Coal Mine at Vivian, twenty-two miles west of this city today nine miners, all Italians were injured, two of whom died later in the hospital while three more are in a precarious condition with slight chances of recovery. All of the men were burned badly.

The explosion occurred about 8:30 o'clock this morning. The men had just begun entering the mine and those injured represent all that were in the mines at the time of the explosion. They were rescued with little difficulty and sent to the miners' hospital at Welch, six miles distant by special train.

Mine officials claim that the explosion was caused by a very heavy shock in robbing the pockets and that dust ignited. The Tidewater Mine, however, is below the Elkhorn river bed and outsiders familiar with the mine doubt the dust igniting theory. The mine is ventilated by an eighteen foot fan.

Columbus, O., July 5.—C. H. Boardman, general manager of the Tidewater Mines at Vivian, W. Va., tonight said that he had received a dispatch from the mines saying ten men were injured by the explosion that occurred in the mines to-day, and that none was killed. The explosion, according to Mr. Boardman's information, was caused by gas.

DANGEROUS TO SHIPPING.

Hulk of Schooner Awash Again Sighted Off Hatteras.

By Wire to The Morning Star

Jacksonville, Fla., July 5.—E. L. Montgomery, master of the schooner Robert McFarland, reports that on June 29th about twelve miles off Hatteras, he passed a three masted schooner on beam ends, hull awash with topmasts about 15 feet above the water, pointing north-northeast. The hulk was right in the course of steamers, north-northeast of Diamond Shoals Lightship, 20 miles distant by log.

OUR MUNICIPAL BOARD.

Raleigh Officials Here to Gather Data as to City Government.

Mr. H. F. Smith, chairman-elect of the city board of audit and finance recently established as a co-ordinate branch of the Raleigh municipal government, and Alderman McGowan, of the same city, were here yesterday gathering data as to the conduct of the Wilmington Board of Audit and Finance with the view of adopting the same system in the capitol city. They had an interview with Acting Chairman C. W. Yates, and were later shown over the minutiae of the office by Capt. T. D. Meares, clerk of the Board. The visiting officials expressed themselves as much impressed with the progressive Wilmington city government and carried home a number of ideas which they hope to adopt in the government of their own town.

Mr. and Mrs. Otten Bereaved.

Friends of Mr. and Mrs. H. F. Otten will sympathize with them deeply in the death of their infant son, Wolford Gade, age 9 months and 11 days, which occurred at the family residence, Sixth and Nixon streets at 4:30 o'clock yesterday afternoon. The funeral will be conducted from the residence at 5 o'clock this afternoon and the interment will be in Oakdale.

SEVERE CLOUD BURSTS CAUSE MUCH DAMAGE

Washington, Baltimore, Norfolk and Raleigh Report Unprecedented Rains Yesterday.

By Wire to The Morning Star

Norfolk, Va., July 6.—An unexpected and extremely violent thunderstorm, accompanied by a rainfall of nearly two inches prevailed in this region for an hour this afternoon, and during that time lightning struck the Port Norfolk Baptist church, its pastor, Rev. R. M. Rabb; the power-house of the Portsmouth Electric Company, deranged all the electric motors in that city, killed some stock in the country, and damaged several houses.

In Norfolk the streets in the lower part of the city were so deeply flooded that traffic was tied up for sometime and the produce market suffered very heavily by stock on the street stands being floated away.

Great Damage at Washington.

Washington, July 5.—One of the heaviest rain storms ever experienced in Washington occurred tonight when the downpour reached almost the proportions of a cloud burst. Between 7.32 and 8.40 P. M., the rain fall amounted to 3.11 inches, a greater amount than during any day of 24 hours with but three exceptions during the past thirty-three years. Considerable damage was done about the extensive railroad terminal improvements now in progress here.

At various places in the South there was also unusually great precipitation. At Raleigh there were three inches of rainfall; at Norfolk two inches and at Lynchburg one and a half inches.

Baltimore Under Water.

Baltimore, July 5.—The lower lying sections of the business district of this city are under water, the result of a cloud burst in Baltimore county and the banking up of waters of the harbor by recent southwest winds. There will be much damage, which, however, cannot be estimated at present. Street car travel on all lines running through the central part of the city is paralyzed. Just before midnight a heavy rainfall began in the city. Holiday street, upon which the city hall fronts, is under water half a block north of that building.

CHASED INTO THE RIVER.

Insolent Negro Forced to "Take Water" for Bad Language.

A swiftly fleeing negro, a white man in close pursuit and a plunge of the African into the placid waters of the Cape Fear near foot of Dock street afforded some little excitement along the wharf early last night. The negro had applied a vile epithet to Mr. H. E. Truelove, who keeps a saloon at Water and Princess streets. It was an epithet no self-respecting white man would take and Mr. Truelove went for the ebony figure. The chase was lively until the negro took to water. Mr. Truelove had neither canoe nor life preservers and abandoned his game when it took a plunge. A crowd collected, and for some minutes the negro disappeared. Many believed that he had been drowned outright but when he felt assured that Mr Truelove had left, he called out from under the wharf where he had dived and was finally pulled ashore. He was given a good drink of whiskey and admonished to be more temperate in his language in the future. He said he would.

ENCAMPMENT OFFICERS.

Gen. Armfield, Gen. Robertson and Others Inspected Summer Rest.

Brigadier General J. L. Armfield, of Statesville, who will be in command of the Second and Third Regiments of the National Guard during their encampment at Wrightsville, July 20th to 26th, inclusive; Adjutant General T. R. Robertson, of Charlotte, and Maj. G. B. Sellars, of Maxton, battalion commander, arrived yesterday and proceeded at once to Wrightsville to inspect the encampment site at Summer Rest. They were accompanied on the inspection trip by Col. Walker Taylor, Capt. J. VanB. Metts and General Manager Skelding, of the Consolidated Company, finding the work on the grounds progressing very satisfactorily.

During the day Chairman McEachern and Capt. Wm. F. Robertson, of the Board of County Commissioners, arranged for the removal of the road machinery so that the work of macadamizing the Summer Rest road will proceed immediately.

The visiting military officers last night entertained Col. Taylor, Capt. Robertson, Col. James, Capt. J. VanB. Metts and others of the local military and members of their families at supper at the Hotel Tarrymoore.

STATE PRISON PAYS.

Sold Ten Cents Cotton and Wants to Buy Bonds.

(Special Star Telegram.)

Raleigh, N. C., July 5.—The directors of the penitentiary decided to-day to increase the charge for convict labor from $1 to $1.25 per day. Several hundred convicts are hired out in various parts of the Stato on railroads and other works and these contractors will now have to pay the additional 25 cents per day if they retain the squads they have.

The penitentiary authorities sold 300 bales of cotton at 10 1-2 cents and 300 bales some days ago at 9 1-2 cents.

The Directors announce that they desire to buy $40,000 of North Carolina State bonds, using the profits from the operations of the prison.
